

It's the beginning of a new year in Delta Chi, and with it comes new challenges. As time goes by, that is the constant that never seems to change. However, even in the relatively short time that I have been a member, I have seen us change.

However, it is our roots that make us strong. We are from a rough and rowdy stock and we couldn't be more proud of it. What we want is for you to be a part of it once again.

We want to hear from you, and find out where life has taken you. We want you to feel like you can drop by when you're passing through just to say hi. We want you to feel proud to be a Delta Chi Alumnus.

Vincent Ballard

-“E” Alumni Relations-

State of the Chapter

Greetings from Truman State University,

As “A” of the Truman State Chapter of the Delta Chi Fraternity I am pleased to announce that our chapter has begun this academic season with much energy and promise. We are poised to accomplish even more than we did last semester as per our various philanthropic, social, and athletic accomplishments and I know that we will have an even better formal recruitment season, both qualitatively and quantitatively, than we have in the recent past. As many of you know, our chapter has recently been placed on probation because of an alcohol-related infraction. Our executive board and the entire chapter has been dealing with this quite excellently and the spirit of brotherhood has been more apparent now than in any of the previous years that I have been in the fraternity. While the high number of graduating seniors did take a bit of a toll on our numbers, we still have thirty-six active and determined members and our new associate member class will only embolden us even more.

None of us would be where we are now were it not for you. Both your accomplishments in the past and the present have greatly helped our chapter. The history of our chapter is filled with ups and downs, good times and hard times, but it has been above all else filled with friendship and experiences that will be remembered for a lifetime. Last semester's Alumni Reunion brought many faces that none of us had seen before and I am not alone in noting that it was a weekend to remember. Your gracious donations went towards the Franklin Street Corporation and the excellent new driveway. As I am now in my last year at Truman I am already beginning to feel nostalgic about my time here, but I am fortunate that the state of our chapter is such that it will be even stronger after I leave.

Please feel free to come and visit us and do not hesitate to give us any instructions. Please give my salutations to your friends and families.

ITB,

*Daniel Sheffner
